

SENATOR HALL: Senator Withem, on your amendment.

SENATOR WITHEM: Yes, I offer this amendment because I don't think Senator Baack has brought the full weight of the significance of somebody from Kimball winning a state golf championship because that area is not known for its good golfers. What I would say is we should add the following language: Whereas, the Kimball High School golf team had to overcome the negative role model set by their State Senator whose golfing talent leaves much to be desired. And I think that would add more to the resolution and would urge you to support this. Maybe it just ought to be there in spirit as opposed to actually be printed so I will withdraw the amendment at this time.

SENATOR HALL: Senator Withem, did you...were you asking for unanimous consent? (Laughter.)

SENATOR WITHEM: I would not dare ask for unanimous consent, I'm simply withdrawing it.

SENATOR HALL: No, I meant for adoption. Thank you, Senator Withem. Other speakers? Senator Robinson, on the resolution by Senator Baack.

SENATOR ROBINSON: Mr. Chairman, members of the body, the gentleman from the 14th chastised my Speaker and I don't like it. I think what we ought to do, Senator Baack, I think you ought to challenge him to an 18-hole round of golf and then we'll see how his words play then. I stand to support it because great golfers have come from western Nebraska. Thank you.

SENATOR HALL: Thank you, Senator Robinson. Other individuals. Senator Janssen, on the Baack resolution.

SENATOR JANSSEN: Mr. Speaker, members, I believe that Senator Robinson's idea is great. Now in order to make sure that this is conducted in the right manner and so on, I suggest that Senator Robinson and I join those two in their challenge at a site to be announced later and be the official judges that nothing transpires unethically. Thank you.

SENATOR HALL: Thank you, Senator Janssen. The...we'll just consider the fact that the two judges will foot the bill for the 18 holes. With that, we...since there are no other lights,
